An experienced Nurse and Female Physician, presents to the attention of mothers, her
SOOTHING SYRUP,
FOR CHILDREN TEETHING,
which greatly facilitates the process of teething by softening the gums, reducing all inflammation —will allay ALL PAIN and spasmodic action, and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves and
Relief and Health to your Infants.
We have put up and sold this article for over ten years, and CAN SAY IN CONFIDENCE AND TRUTH of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED IN A SINGLE INSTANCE TO EFFECT A CURE, when timely used Never did we know an instance of dissatisfaction by any one who used it. On the contrary all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter WHAT WE DO KNOW after ten years' experience AND PLEDGE OUR REPUTATION FOR THE FULFILLMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered
This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS in
THOUSANDS CASES
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity and gives tone and energy to the whole system It will almost instantly relieve
Griping in the Bowels, and Wind Colic,

Montpelier, Oct 1 1860
From Hon Timothy Redfield, late State Senator of Vt
By using your WEEKS' MAGIC COMPOUND a short time I was entirely cured of one of the severest and most obstinate colds upon my lungs that I ever experienced I know of no remedy equal to it for coughs and lung complaints generally
TIMOTHY P REDFIELD
Montpelier Oct 13 1860
From Rev E B Smith D D Principal of New Hampton Institution
The MAGIC COMPOUND which you furnished me last spring, when I was suffering most severely from the effects of a long continued cold upon my lungs, acted like a charm The first night after taking it I coughed less and slept better than for weeks before and the use of it finally removed the difficulty entirely I should use it again in preference to any medicine I have tried when similarly affected Yours truly, E B SMITH

AND
BLOOD RENOVATOR,
Is precisely what its name indicates, for while pleasant to the taste, it is revivifying, exhilarating and strengthening to the vital powers — It also revivifies, reinstates and renews the blood in all its original purity, and thus restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world in a popular form so as to be within the reach of all So chemically and skillfully combined as to be the most powerful tonic, and yet so perfectly adapted as to act in perfect accordance with the laws of nature and hence soothe the weakest stomach, and tone up the digestive organs, and allay all nervous and other irritation. It is also perfectly exhilarating in its effects, and yet it is never followed by lassitude or depression of spirits. It is composed entirely of vegetables, and those combined having powerful tonic and soothing properties, and consequently can never injure. Such a remedy has long been felt to be a desideratum in the medical world, both by the thoroughly skilled in medical science and also by all who have suffered by debility, for it needs no medical skill or knowledge even to see that debility follows all attacks of disease and lays the unguarded system open to the attacks of many of the most dangerous diseases to which poor humanity is constantly liable Such, for example, as the following. Consumption, bronchitis, indigestion, dyspepsia, loss of appetite, faintness, nervous irritability, neuralgia, palpitation of the heart, melancholy, hypocondria, night sweats, langour, giddiness, and all that class of cases so fearfully fatal if unattended to in time, called female weaknesses and irregularities Also, liver derangements or torpidity and liver complaints, diseases of the kidneys scalding or incontinence of the urine, or any general derangement of the urinary organs pain in the back, side and between the shoulders predisposition to slight colds, hacking and continued cough, emaciation, difficulty of breathing and indeed we might enumerate many more still, but we have space only to say it will not only cure the debility following chills and fever, but prevent all attacks arising from Miasmatic influences, and cure the diseases at once, if already attacked And as it acts directly and persistently upon the biliary system arousing the liver to action, promoting in fact all the excretions and secretions of the system, it will infallibly prevent any deleterious consequences following upon change of climate and water, hence all travelers should have a bottle with them, and all should take a table spoonful at least before eating As it prevents costiveness, strengthens the digestive organs, it should be in the hands of all persons of sedentary habits—students, ministers, literary men And all ladies not accustomed to much out-door exercise should always use it. If they will, they will find an agreeable, pleasant, and efficient remedy against those ills which rob them of their beauty, for beauty cannot exist without health and health cannot exist while the above irregularities continue Then again the cordial is a perfect mother's relief. Taken a month or two before the final trial, she will pass the dreadful period with perfect ease and safety There is no mistake about it this cordial is all we claim for it Mothers, try it! And to you we appeal to detect the illness or decline, not only of your daughters before it be too late, but also your sons and husbands for while the former, from false delicacy, often goes down to a premature grave rather than let their condition be known in time, the latter are often so mixed up with the excitement of business that if it were not for you they too would travel in the same downward path, until too late to arrest their fatal fall But the mother is always vigilant, and to you we confidently appeal, for we are sure your never failing affection will unerringly point you to Prof Wood's Restorative Cordial and Blood Renovator as the remedy which should be always on hand in time of need O J WOOD, Proprietor 444 Broadway, New York, and 114 Market Street, St. Louis, Mo, and sold by all good Druggists

These Hooks received a Diploma at the last New York State Fair
Those who try them say—'We would not use Tacks if they were furnished free' The following is from the Rochester Democrat and Advertiser
"Spencer's Patent Carpet Hooks —These neat little articles ought to go into general use. We have used them for two years past, and find they are all they are represented to be They are cheaper than tacks in the first instance, and will last an indefinite period of time In ten minutes an ordinary sized dining-room carpet can be put down, after the hooks are placed, and in less time than it can be taken up The hooks do not need to be removed with the carpet, but remain permanently fixed in their places"
A trial of these will satisfy all that they need but to be known to supersede all other methods for laying Carpets

THE

THAT HAS
Stood the Test of Years,
And grows more and more popular every day!
AND testimonials, new and almost without number, might be given from ladies and gentlemen in all grades of society whose united testimony none could resist, that Prof Wood's Hair Restorative will restore the bald and gray and preserve the hair of the youth to old age, in all its youthful beauty
BATTLE CREEK, Mich Dec. 21, 1858
Prof Wood —Thee wilt please accept a line to inform thee that the hair on my head all fell off over twenty years ago caused by a complicated chronic disease, attended with an eruption on the head A continual course of suffering through life having reduced me to a state of dependence, I have not been able to obtain stuff for caps neither have I been able to do them up in consequence of which my head has suffered extremely from cold This induced me to pay Briggs & Hodges almost the last cent I had on earth for a two dollar bottle of thy Hair Restorative about the first of August last I have faithfully followed the directions and the bald spot is now covered with hair thick and black, though short. It is also coming in all over my head Feeling confident that another large bottle would restore it entirely and permanently, I feel anxious to persevere in its use, and being destitute of means to purchase any more, I would ask thee if thee wouldst not be willing to send me an order on thine agents for a bottle, and receive to thyself the scripture declaration—"the reward is to those that are kind to the widow and the fatherless
Thy friend, SUSANNAH KIRBY
LIGONIER, Noble Co., Indiana, Feb 5, 1859
Prof O J Wood—Dear Sir In the latter part of the year 1852, while attending the State and National Law School of the State of New York my hair from a cause unknown to me, commenced falling off very rapidly, so that in the short space of 6 months the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining portion upon the side and back part of my head shortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indiana my more casual acquaintances were not so much at a loss to discover the cause of the change in my appearance, as my more intimate acquaintances were to recognise me at all
I at once made application to the most skillful physicians in the country, but, receiving no assurance from them that my hair could again be restored, I was forced to become reconciled to my fate, until, fortunately, in the latter part of the year 1857, your Restorative was recommended to me by a druggist, as being the most reliable Hair Restorative in use. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time I have used seven dollars' worth of your Restorative, and as a result have a rich coat of very soft black hair, which no money can buy
As a mark of my gratitude for your labor and skill in the production of so wonderful an article I have recommended its use to many of my friends and acquaintances, who, I am happy to inform you, are using it with like effect.
Very respectfully yours, A. M. LATTA,
Attorney and Counsellor at Law
The Restorative is put up in bottles of three sizes, viz: large, medium, and small. The small holds 1-2 a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle, the large holds a quart. 40 per cent more in proportion, and retails for three dollars per bottle.

AN equal and normal circulation of the blood is health An abnormal, that is to say an excessive or deficient circulation or stagnation of the blood, is disease. To illustrate—torpidity of the Liver is caused by stagnation of the blood in that organ, diseases of the Kidneys, Inflammation of the Lungs, Diseases of the Heart, &c, by the same cause, viz Improper Circulation, and from the some cause spring all minor forms of disease To discover a certain cure then for these diseases, the first great enquiry necessarily is, What causes the blood to circulate?
For centuries it has been a matter of much study among scientific and medical men, and while many experiments have been made and much labor expended upon the enquiry it has been left to this century among its other wonderful increase in knowledge to make this grand discovery, also
Acknowledging that life is the gift of the Creator, and that "in Him we live and move and have our being," we still venture the remark, that as the planets move in their spheres and all vegetable life is governed by certain absolute laws, so animal life is traceable to a fixed cause, which remove or destroy and death the certain effect, follows
Analysis of the red corpuscles of the blood show them to be compounds of iron, sulphur and phosphorus
The air we breathe, we know to contain a very large proportion of oxygen
Oxygen brought in contact with a metal evolves or emits electricity
Electricity brought in contact with a muscular fiber causes it to contract.
These facts being indisputable, we have now the solution as to the motor or motive power of the heart. The oxygen in the air we breathe coming in contact with the iron corpuscles of the blood emits electricity, which coming in contact with the heart causes it to contract, and hence the power which expels the blood and sends it tingling through the remotest arteries What then are the causes of Consumption, Dropsy, Palsy, Paralysis, St Vitus' Dance, Dispepsia, Epilepsy Fever and Ague, &c, a deficiency of the red corpuscles containing the iron, sulphur and phosphorus which causes a deficiency of electricity, and consequently an abnormal circulation The blood becomes watery colds and bronchial complaints and prostration ensue—the sufferer becomes nervous, and subject to rheumatic pains and neuralgia—complaints of the liver and kidneys set in, in short, almost every type of disease but virulent fevers may be traced to this deficiency in the blood, of the corpuscles or red globules
Old age causes a deficiency of corpuscles, and while we do not pretend to say that we have discovered the "elixir vitæ," we do say that life can be materially prolonged by the use of the
"Blood Food,"

June—The Flowery and the Beautiful
The violet peeps out from its emerald bed,
Rival the azure in hue overhead,
To the breeze, sweeping by on invisible wings,
The gift of rich odor the young lily flings,
And the silver brook in the green wood is heard
Sweetly blending its tones with the song of the bird

The swallow is dipping his wings in the tide
And the aspect of earth is to greet unallied,
Ripe fruit now blushes on the strawberry vine
And the trees of the woodland their arms intertwine,
Forming shields which the sun pierceth not with his ray,
Screening delicate plants from the broad eye of day

When the rose bends with dew on her emerald throne,
And the wren to her perch in the forest has flown,
When the musical thrush is asleep on its nest
And the redbird in his light hammock's at rest,
When the sunlight no longer gilds streamlet and hill,
Is heard thy wild anthem O sad whippoorwill!

The Indian, as twilight was fading away,
Would start when his ear caught thy sorrowful lay,
And deeming thy notes the precursor of woe
Would arm for the sudden approach of the foe;
But I list to thy wild fitful hymn with delight,
While the pale stars are winking, lone minstrel of night.

Brightest month of the year! when thy chaplet grows pale,
I shall mourn, for the leaven of health's in thy gale—
The pearl that young beauty wears in her hair,
In clearness can ne'er with thy waters compare;
Nor yet can the ruby or amethyst vie,
With the tint of thy rose, or the hue of thy sky

The Last Speech of Judge Douglas
The following is the last public speech delivered by the late Senator Douglas. He arrived in Chicago on the first day of May, and the people, without distinction of party, turned out en masse to receive him Though then suffering from the incipient stages of the disease which terminated in his death, he thus responded to the welcome of his fellow citizens

MR. CHAIRMAN I thank you for the kind terms with which you have been pleased to welcome me, I thank the committee, and I thank the citizens of Chicago, for this grand and imposing reception But I beg you to believe that I do not do you the injustice to consider this ovation a personal one, but rather that I rejoice in the knowledge that it is an expression of your devotion to the Constitution and the laws of our country I will not conceal my gratification at the uncontrovertible testimony which this vast audience presents, that whatever differences of opinion may have heretofore divided us, the conviction now exists in your mind that in danger my loyalty to my country may be relied upon. That that danger is imminent, none can conceal from themselves, no matter how they may desire to avert the evil, but if war must be—if the bayonet must crush social order and liberty, then, before God I feel my conscience clear I have struggled as long as there was hope, and even after hope had almost disappeared, for a peaceful solution of the trouble I have not only tendered full satisfaction and ample justice, but have proffered conciliation even to the extent of magnanimity and generosity The return which we have received is war on our government, the march of armies on our capital, the obstruction of our trade, the issue of letters of marque authorizing lawless pirates to prey upon our commerce—in short, a concerted movement to blot out the United States from the map of the world. The simple question is whether we are to maintain the government, or allow it to be stricken out of existence by those who no longer acknowledge its authority, and seek only to destroy it

What excuse can the disunionists give for breaking up the best government the sun ever shed its light upon? They are dissatisfied with the result of the last Presidential election.—Were they never beaten before? Are we to tolerate the idea that the defeated party is to resort to the sword? I understand it to be a fundamental principle that the voice of the people must command obedience They assume that in the election of a party candidate their rights are not safe What evidence have we of it? I defy any man to show a fact that will substantiate it What one act has been omitted which they can complain of? So far as the rights of the South are concerned—the rights of slaveholders—no act has been omitted of which they can complain There has never been the day since the hour of Washington's inauguration down to this moment, when the rights of the South have stood firmer under the laws of the land There never was the time when they had not as good cause for disunion as now What specific grievance can they assign from the days of Washington to this moment? If they refer to the territorial question, it is an extraordinary fact that there is now no act on our statute books limiting slavery in any manner If to the enforcement of the laws, the only complaint is that too much has been done—that we have been too eager to enforce the fugitive slave law Then I ask what excuse has the South for the scheme which they have concocted to wind up the Union? The slavery question is a mere excuse —The election of Lincoln is but a pretext The present secession movement is the result of an enormous conspiracy which was matured a year ago They have caused a man to be elected by a sectional vote, to demonstrate that the Union was divided, and when the history of the country, from the time of the Lecompton Constitution to the date of Lincoln's election is written, it will appear that a scheme was maturing meantime which was for no end but to break up the Union They desired to break it up, and they used the slavery question as a means They desired to create a purely sectional vote, to demonstrate that the two sections could not live together The disunion card dictated that the South was to carry its own election and the North was to elect Lincoln Then a united South was to assail a divided North, and gain an easy victory This scheme was defeated by the overthrow of the disunion candidates in Kentucky, Tennessee, and Virginia Still the grand conspiracy existed, and the disunion movement was the result Armies are raised, and war has been levied There are but two sides to the question and every man must be on the side of the United States or against it —There can be none but patriots or traitors — Thank God Illinois is not to be doubted on this question They conspired to produce a civil war among the Republicans and Democrats, expecting to step in and accomplish an easy victory Their scheme will involve civil war and bloodshed in the United States, and the calamity is only to be averted by united action

I repeat that so long as there was a possibility of settling the trouble peacefully every sacrifice was made and proposed, and now, when the question is to be transferred from the cotton States to the cornfields of Illinois, I say the farther off the better War is a sad thing, but civil war must now be recognized as existing in the United States We can no longer close our eyes to the solemn fact In this exigency the government must be maintained, and the more stupendous and overwhelming are our preparations, the shorter will be the struggle But, my countrymen, we must remember that certain restrictions are to be observed We must not forget that we are Christians, and that war must be waged in a Christian spirit—not against the rights of a people—not against the rights of women and children Say that you will sanction no war on rights, and say that you will never lay down your arms until those which you claim as your own are recognized We were born under the Constitution of the United States and its provisions are our birthright Then be prepared to enforce the inalienable rights which it confers

We have peculiar reasons why we cannot recognize the right to secede and break up the Union Once recognize it, and you not only destroy the Government, but annihilate order, and inaugurate anarchy such as disgraced the history of the worst days of the French Revolution My friends, you have a solemn duty to perform Use all your power to maintain the Constitution and the Government which our fathers gave us The greater the unanimity, the less the loss of life and property and the sooner the establishment of peace I am aware that we have some prejudices to encounter, but that does not surprise me It is but a few short months since we passed through a stormy election and it takes some little time to drive out the party contentions and substitute patriotism; and yet he who would not sacrifice political differences does not deserve the support of his country How, then, are we to present a united front? Cease to discuss, cease to criminate and recriminate Indulge in no taunts as to who caused the trouble but unite manfully now, and when the flag waves over every inch of our country, argue the point of authorship When we shall have a government for our children to live under, it will be time enough to discuss its difficulties, but now, let him be marked an untrue patriot who distrusts our cause, and sows dissensions

Letter from the Bangor Regiment.

CAMP SEWALL—MERIDIAN HILL,
HEADQUARTERS 2d Reg't V M M, June 4th

In haste I write to inform you that the measles being finally squelched, we have, after taking up our line of march from Willett's Point passed through sullen, silent, and yet unwilling Baltimore, without insult or injury, and through the kind efforts of Vice President Hamlin General Strickland and other Maine friends, have been permitted to pitch our tents upon this beautiful spot, one and a half miles from the city of Washington and in full view of Arlington Heights, where some twenty thousand or more of volunteer troops are encamped Six regiments are also in camp in our immediate vicinity, from the States of New York, New Hampshire and Rhode Island, thereby giving us disciples of Mars diver and sundry examples in military science some of which we may follow, and many we shall not adopt

By the way, intelligence has just reached us that General Butler while on a scouting expedition in the vicinity of Fort Monroe, has been taken a prisoner of war The report is doubtless false but the mere rumor serves to kindle up the *war spirit* in our boys and the nearer we approach the lines of the enemy, the better I find, they enjoy the soldier's life Our companies today, although the weather with you would be considered excessively oppressive, are briskly engaged in drilling *'a la Hardee,'* this drill being universally adopted, as it is more simple and concise than any other now in vogue We soon expect to leave our present *locale* for Arlington Heights, as one of the regiments arriving here of late has remained more than six or eight days, the column being rapidly moved forward preparatory to a decisive blow which will probably be struck within the lines of Old Virginia That we might not be taken on a trip as to future locations our field and staff officers have today made a purchase of several fine bay horses at a moderate sum well bred to the saddle and appropriately trained in every respect Owing to present troubles, "horse flesh" is much cheaper here than at Bangor—consequently in lieu of attending the risk and expense of transportation, we have concluded to let our favorite nags remain at home, hoping that upon our return they may be better prepared to lead us all on the familiar scenes we have left behind On Friday afternoon last the day of our arrival we were honored by a call from Secretary Seward and daughter, and immediately after the departure, our encampment received its present cognomen On Thursday evening next all of our commissioned officers are the invited guests of the Honorable Secretary and lady The evening the Staff are invited to while away an hour or two at the residence of ex Postmaster Gen Randall during Taking into consideration the manifold attentions showered upon us, one is led to exclaim, "who wouldn't be a soldier!"

At Willett's Point we unwillingly left in the extreme rear some of our command, in consequence of that very unwelcome disease styled measles Assistant Surgeon Hamlin and Hospital Steward Palmer were placed in charge of them so we have no fears but that they will speedily rejoin us as nothing will be left undone in hastening their speedy recovery—While here Surgeon Allen has contrived to give us a *clean bill of health*, the only sickness being that which oftentimes arises from over fatigue Several of our marches of late have been quite severe and the sudden transition in climate, from cool to hot, has slightly debilitated our men I note however that other regiments have been more or less subjected to the same difficulty As regards accidents we have thus far only one to chronicle which was while at Willett's Point A sentinel on his post, through curiousness entirely, allowed his musket to explode prematurely, thereby depriving him of the fore finger of his left hand The sufferer, the ensuing day, receiving words of good cheer and consolation at the hands of his comrades, jokingly remarked that he wished his finger back, but hoped that his mishap might serve as a warning to others So you will see that volunteers can bear up under the fortunes of war as well as those long inured to the hardships of the regular service

Today the news of the death of Senator Douglas is announced This stroke, coming in so important a crisis as the present, can but throw a gloomy shadow over the whole country, as all, even his enemies can but testify that his last words and acts were both true and loyal to the land that gave him birth Peace to his ashes! So say we all To his memory and honor, the standards of all the regiments hereabouts are to be draped in mourning on the day appointed for his interment. It is needless to add that we shall not neglect to pay so trivial a tribute of respect to the illustrious departed

To the fair ladies of your city, with delicate hands but brave hearts, we tender the thanks of this regiment Many an officer, as well as private, daily brings to light, something carefully packed away—the result of their handiwork. Not longer ago than yesterday, the remark was made by one of the troops, that a "Havelock" made by one of the Bangor gals, would be worth a gross of the miserable affairs purchased here. These articles constructed here, either by steam or lightning, with no particular regard to style or durability, present neither finely wrought stitches, nor a fabric, over which much time or labor has been expended One excuse is, however, that the demand exceeds, by far, the supply We fear that thus may be taken as a gentle *hint*, but if not responded to we shall not, on our return, order a court martial over our best of friends and well wishers

The 1st Maine Regiment from Portland and vicinity, is expected to day, and will go into camp very near us. This regiment, we doubt not, will prove itself adequate to every emergency, having suffered more already, in the way of chagrin and disappointment, than the trials and tribulations attendant upon the field of battle.

Being, as yet, in the dark as to where and when we shall next be ordered, we are not living in very elaborate style! Besides, one thing being left behind at Bangor, viz, the Colonel's Marquee, we are obliged to quarter in a house, devoid of modern improvements. Col Jameson, Maj Varney, Adjutant Reynolds, Chaplain Mines, Sergeant Maj Appleton and others have already selected the softest side of the hard pine boards, of which the floors are constructed, and having no better *trump card* to play, I must, of course, follow suit. However, the *sounds from home* which I hear around me, are a convincing proof that sleep is really a boon to weary mortals given, no matter where the night overtakes them But "a soldier's life is always gay," and no fault to find have we.

Few regiments, we will venture to remark, have overlooked little annoyances with a better grace than ours, and should our feeble efforts, wherever exercised, prove successful, we shall not, on our return to the Dirigo State, dwell long upon little defects which, possibly, might have been remedied had the antidote for the same been received in season

As our regimental candle is fast expiring, I must, for the present, bid you adieu, promising at no distant day, to give you a more faithful account of our stewardship

Yours, STEPHEN

"Our soldiers have ere this received the generous provisions of Barelocks which the ladies of this city have provided for the entire regiment

APPLETON'S NEW AMERICAN CYCLOPEDIA Edited by George Ripley and Charles A Dana—New York D Appleton & Co 1861

For sale in Bangor by Bugbee & Co

Volume Twelve of this latest and best of the Cyclopedias has made its appearance, bringing the work down the alphabet to the letter P, and well along towards the close Both in mechanical execution and in literary ability, as well as in faithfulness to fact, the present volume fully sustains the first promise of the work, and the high reputation it has since achieved It is edited with great skill and discrimination and among the writers of the multitudinous articles on every subject, are men of the first literary ability and of the best scientific attainments.—The following are among the articles in this volume

Mozart, by L W Thayer, Esq, Berlin Prussian Mummy, by Robert Carter, Esq New York, Murder, by Prof Parsons Harvard University, Music, by William H Fry, Esq, New York, Mythology, by Rev William L Symonds, Boston Natural History, by S Kneeland, Jr, M D, Boston, Navigation, by Capt Charles H Davis, U S N, Cambridge, Mass, Negotiable Papers, by Prof Parsons, Nena Sahib, by John R G Hassard, Esq, New York, Nestorians by John R G Hassard, Esq, New York, Netherlands by Robert Carter, Esq, New York, Neuralgia by Prof Parsons, New Jerusalem Church, by Sampson Reed, Esq, New York, New Mexico, by Hon J R Bartlett, Providence, R I, Sir Isaac Newton, by John Lockwood, Esq, Brooklyn, N Y, Niagara, by J T Hedge, Esq New York, Nineveh, by Robert Carter, Esq New York, Normal School's, by Rev B G Northrop, Saxonville, Mass., Daniel O Connell, by Robert Carter, Esq, New York, Optics, by Levi Reuben, M D New York, Pacific Ocean by Capt. Among the most interesting articles in this volume are very full and complete statistical accounts of the Empire State and the great city of New York These two articles occupy more than thirty of the ample pages

ACTION OF NEW YORK UNDERWRITERS The New York Board of Underwriters, in view of the activity of Southern pirates, have resolved upon raising the rate of insurance to five per cent on all vessels and cargoes. The rate also to be five per cent on foreign vessels, for these may turn up "missing," for the pirates, from fear of retribution from a foreign government, can easily send them to the bottom with all on board The Board see no reason to discriminate against American shipping—*Boston Journal*

The secession party of Kentucky was a very lean party, but, in getting Humphrey Marshall it *got fat*

We guess Kentucky will stay in the Union, our Legislature has passed a "Stay Law"—*Prentice.*

A new Orleans paper urges the immediate establishment of a shirt factory in that city The blockade is evidently reducing the South to its last shift.

A WASHERWOMAN'S SPECULATION—A lady at Philadelphia, who had sent out her rich laces to be "done up," say at an evening party her own elegant and unique "set" gracing the shoulders and waist of another lady A shrewd investigation of the matter showed that the washerwoman had rented the laces "for one evening only" to the lady who wore it.

1 How can the present belligerent state of the country be made most to promote the growth of piety in our churches

☞ A large and very beautiful flag was raised in Garland on the 20th ult, with due honors by the patriotic citizens of that town

☞ The New Brunswick elections for a new House of Assembly are now going on; and we learn from the St Croix Herald, that the present Government is likely to be sustained In the elections thus far held, in the counties of Sunbury, Kent, York and St John, 9 Liberal or government members have been chosen to 6 opposition The remaining counties this thought will give increased Liberal majorities, so that 28 or 30 of the 41 members will be for sustaining the government.

☞ In overhauling ancient papers the other day, the following military order turned up

BRIGADE ORDER

FIRST BRIGADE—SECOND DIVISION
Hallowell, September 2, 1825

In consequence of the appointment of Brigade Major Evans, to be Judge Advocate, and the resignation of Quarter Master Russ, the following appointments have been made, viz Kilborn G Robinson, late Aid de Camp, to be Brigade Major and Inspector, William E Robinson, late Adjutant of Cavalry, to be Aid de Camp, and Eben Fuller, of Augusta, Brigade Quarter Master, and as they have been commissioned and qualified, they will severally be recognized, and their official acts respected accordingly

JESSE ROBINSON, Brigadier General,
1st Brig 2d Div Maine Militia.

The above is noticeable from the fact, that although issued 36 years ago, all the persons named in the order, with the exception perhaps of Mr Russ, are still living Gen Jesse Robinson now lives in Waterville, at the advanced age of 88, Major Evans is the Hon George Evans, now of Portland, Kilborn G Robinson is at present a resident of Canada, William E Robinson is in Illinois, (at Peoria we believe,) and Eben Fuller is still at the old stand in Augusta, occupied by him as a druggist, we think, at the time the order was issued

NARROW ESCAPE The Portland Advertiser says that Mr Samuel Thurston had a narrow escape from death at the Grand Trunk Depot on Friday He was standing on a loaded platform car, when the engine was suddenly started, and Mr T thrown down on the track under the cars. The first passed out without injury. As the next approached, he seized the truck frame, and in this manner was dragged a considerable distance. Seeing a good opportunity, he let go his hold and rolled himself out between the cars while they were in motion, just clearing his head.

☞ The Portland Advertiser says that Hon P O J Smith had a narrow escape from a severe accident on Friday night A loaded team came in contact with his carriage, and Mr Smith was thrown violently to the ground He received several cuts about his face and head, and was considerably affected by the force of the fall.

FOREIGN COMMERCE OF PORTLAND There appears to be a prevalent impression among some, that the foreign commerce of Portland has fallen off considerably of late, owing to the war and the consequent stagnation of trade and manufactures But the records at the Custom House show that so far this has not been the fact In May, 1860, the whole number of arrivals from foreign ports was 63, dutiable cargoes, 21 For the corresponding month of 1861, the whole number was 73, dutiable cargoes, 30 The foreign clearances in the same months were 65 each—*Portland Adv*

ACCIDENT FROM CARELESSNESS A man named Charles Kelly got badly blowed up yesterday, on the Six Miles Falls road, in consequence of carrying matches and gunpowder in his pockets together By some means the former were ignited, and the latter exploded, setting fire to his clothing, and burning him very seriously on one side of his body Mr E W Hasey, who happened to be near him, tore off his burning garments, and medical assistance was rendered as soon as possible by Dr Sanger

☞ The Aroostook Herald says that the Bridgewater House and stable connected with it were burned last Thursday morning We understand that four sedge horses, belonging to James Martin, a yoke of oxen, swine, wagons and sleighs, hay and grain were destroyed with the stable.

FLAG RAISING AT NORTH BRADFORD Mr Edmor A firm and symmetrical staff 81 feet in length, was erected at North Bradford on Saturday, the 8th inst With enthusiastic alacrity, the ladies raised to the topmast a beautiful national flag 22 by 11 feet

A G Lebroke, Esq, delivered an able and eloquent speech to a large audience Brief and patriotic remarks were made by S King and J Eastman

The demonstration, enlivened by appropriate martial music, was an unmistakable evidence of the patriotism and true conservatism which exists among the loyal citizens of a democratic and enlightened community

ACCIDENT TO THE SISTER OF JUDGE DOUGLAS Mrs J G Granger only sister of Judge Douglas, while on her way to the depot at Clifton Springs, Saturday, the 1st inst, to take the train for Chicago to visit her dying brother, was thrown from her carriage and badly injured, and narrowly escaped with her life.

The examination of the seized telegraphic dispatches has caused the sudden disappearance of certain persons who have heretofore stood well in Washington Among them are one or two prominent correspondents of newspapers

A Union meeting numbering 5000 persons was held in Baltimore on Thursday evening last, it was addressed by Winter Davis, Emerson Etheridge of Tennessee, and others A correspondent of the Tribune gives an interesting account of it which we copy

"The venerable Archibald Sterling presided in Rumsey's warning appeal to the friends of the country to stand by Winter Davis Augustus W Bradford, one of our soundest Union lawyers made manifest the traitorous Tariff Emerson Etheridge then took the stand and poured the hottest kind of shot into the Secession camp He said he did not run away from Tennessee but left because it was too hot to hold him! He said he was going back under the Federal flag when he was ready, and that his loyal brethren would receive him with open arms"

The Throbbing of the Popular Heart

The present crisis has developed virtues of which we did not dream the existence The nation awakes out of its long dream of peace to find itself not only willing but anxious to settle the great controversy between Treason and Loyalty "Better that the struggle should come now than that it should be left to our children" is the common sentiment of the patriotic masses of the Free States Having been forced upon them by the madness of the enemy, they prepare to meet it with the calm confidence of men who know their cause is just

A gentleman, residing in the central part of the State, remarked a few days since "My town has furnished a company of volunteers I have given every member of it a small sum of pocket money I have moreover made it my business personally to visit the family of each, ascertain its condition and give something whenever the case required I have appointed myself to look after these families, and see that they want nothing and, if necessary, to support them out of my own means I am worth perhaps twenty five thousand dollars Half of this sum I will cheerfully dedicate to the service of the war, the whole shall go if it is required in order to put down this miserable rebellion I can leave to my children no patrimony so precious as that of a country rescued from violence and restored to its original integrity Of what benefit will property be either to myself or them, unless we have a Government? After doing all this, I would shoulder my musket if they would only let me But they say I am too old"

Our friend but gave utterance to the sentiment of thousands who are willing and anxious to sacrifice all, dare all and suffer all for the sake of the Union For a people thus endowed and thus awakened, there can be "no such word as fail"—*Albany Journal*

STUBBORN THINGS—"Facts are stubborn things," said a lawyer to a female witness "Yes, sir, and so are women," she replied, "and if you get anything out of me, just let me know it." "You'll be committed for contempt," said the lawyer—"very well," said she, "I shall suffer justly, for I feel the utmost contempt for every lawyer present"

Why is a miser like seasoned timber?—Because he never gives

GENTLEMEN:

Having noticed for years the fortunes of Tailors doing a credit business and having myself proved that system to be utterly wrong for the Retail Trading business, I feel compelled to adopt the CASH SYSTEM. It is better for the customer who expects to pay for his Garments, as the amount lost by bad debts, under the credit system, is divided between the patrons and the patronized, as the former rebate it by paying as much as 20 per cent less for their garments and the latter is saved from bankruptcy Consequently I would invite all Cash paying customers to examine the Stock of Goods now on hand and see if the prices are not 20 per cent less than at any other Clothing House in the city The Cutting Department is under the charge of
Mr J H LARKIN,
favorably known in New York and Boston as one of the Best Artists in the Art of Cutting

A special despatch from Washington to the Post, says there is great excitement over the news of the Bethel fight The general opinion among military men is that there was gross mismanagement by the leaders of our forces. The rebels are looking up being emboldened by our repulse A Baltimorian here says that several secession flags are again flying in Baltimore

The Herald s account of the affair at Bethel states that after the unfortunate mistake had been rectified, the forces, comprising the 1st, 2d and 3d New York regiments, joined by detachments of the 4th Massachusetts, the 1st Vermont and the 7th and 9th New York regiments with two light field pieces, under Lieut Grebbles, came upon the advanced guard of the rebels, defeated and drove them back, taking thirty prisoners including a Major and Lieutenant They then advanced on Big Bethel in York Co, where they came upon the enemy 4000 strong, and dove right into them They were in a position protected by six heavy batteries, mounting 6 and 12-pounders and heavy rifled cannon Lieut. Grebbles returned the intensely hot fire of the enemy

Both Duryea's Zouaves and Hawkins' regiment charged right up to the batteries, but could not pass the ditch and were compelled to fall back After two hours hot contest the ammunition gave out and the force retired in perfect order

The Tribune s report says all but one gun of the enemy were silenced, and that when the Zouaves charged the enemy scattered, but they were rallied Not more than half the force was brought into action at once and if a connected movement had been ordered, the place would have been carried

Lieut Grebble s body was gallantly saved by being brought off the field on his own cannon

HAGARSTOWN, 11th.

No trains arrived from Chambersburg today The Government has evidently taken possession of the Franklin County Railroad No troops has reached this point yet.

Maryland Heights, opposite Harper's Ferry, was reinforced, according to report, by three thousand men. Shepardstown also reinforced. Williamsport reinforced by four hundred confederate troops. Confederate pickets have halloed over the Potomac that they intend to cross that river to-night, and burn boats and town. Great alarm prevails in consequence.

The express from Clear Spring returned today. Visited a house in which the Home Guard was located and found 50 or 60 men indifferently armed and fighting bravely One horse killed and one wounded and two men, secession troops, hit. Both fell from their horses

Richard Cunningham was shot at Point of Rocks, on Saturday, by Union men

Thirty four Virginians crossed yesterday into Maryland for protection and arrived at Clearspring today

Col. Allen's regiment, which left Harper's Ferry yesterday for the westward, is doubtless to oppose the advance of the Indiana regiment from Cumberland.

The secessionists claim to have 20,000 troops at Harper's Ferry and within a day's march of there

Union men from Harper s Ferry say the force cannot exceed 13,000, and an escaped Assistant Quartermaster says there were only 18,000 rations drawn on Friday last

Great Britain

Lord John Russell has announced in Parliament that Government has determined to prevent privateers and armed vessels bringing prizes into British ports, and that France intended to abide by its laws, which prohibits privateers over 24 hours in port, and to dispose of their prizes when there. He also said England and France had sent propositions to Washington, based on the declaration of the Paris congress, and expected an answer by every mail

The political news is unimportant

The Times has an editorial on the speeches of the American Minister at the recent meeting in Paris charging them with groundless irritability and anger against England It also alludes to the violent animadversions of northerners upon England, and says the unionists are, in fact, enraged because Great Britain presumes to be neutral If this is the temper of the northerners now, what will it become months hence? It is plain that the utmost care and circumspection must be used by every man or party in England to avoid giving offence to either of the incensed belligerents.

The Moniteur publishes a decree warning public visitors and writers to express more moderation in their discussions against the Catholic clergy

In the House of Commons Sir John Parking ton called attention to the comparative progress made by France and England in the construction of armour covered vessels, in which France France was obtaining a formidable superiority and inquired what were the intentions of government on the subject.

Lord Pagel acknowledged that the French were taking steps largely to augment their iron navy Most of the vessels had just been laid down and would take years in building, and England would in all probability be found equally well prepared,—as it was the intention of government to have five more vessels constructed—built internally of wood but covered with iron, shot proof

In the House of Lords the India supply of cotton was discussed

The Earl Grey pledged the government to do all in its power to advance the growth of it in India

At a special meeting of the Great Eastern Ship Company, it was stated that the employment of the vessel by the Federal Government of America would not be in accordance with the Queen s Proclamation, and the agent for the ship had therefore been instructed to procure 3000 tons of freight at 26 shillings per ton

Dr Holmes, editor of the Maine Farmer, has been appointed State Naturalist. The gentlemen with their assistants will commence their labors in June. In August they propose to make an exploration of the northern section of the State through the uninhabited section. DR J K LINCOLN —Though we have not the pleasure of a personal acquaintance with the gentleman, yet we have reason to believe that he is a most skillful practitioner of the dental art. At least, he has made one old face in our house look young again, and has fitted, by art, a pair of jaws to masticate the food again which dame nature tho't to deprive of this privilege a little too soon We think the work and composition of the two full sets of teeth he has inserted cannot be excelled any where We regard his presence in our city as an acquisition—not only as an accomplished dentist, but as a gentleman of good public talents and of an excellent private character

PERUVIAN SYRUP,

OR PROTECTED SOLUTION OF PROTOXIDE OF IRON COMBINED.

This well known Remedy has been used extensively and with great success for

DYSPEPSIA,

Or Impaired and Imperfect Digestion;

FOR THE CONSEQUENT

DETERIORATION OF THE BLOOD;

AND FOR THE FOLLOWING

FORMS OF DISEASE,

Most of which originate in

DYSPEPSIA:

LIVER COMPLAINT, DROPSY, NEURALGIA and NERVOUS AFFECTIONS, LOSS OF APPETITE, HEADACHE, LANGUOR and DEPRESSION of SPIRITS, CARBUNCLES and BOILS PILES, SCURVY, AFFECTIONS OF THE SKIN, CONSUMPTIVE TENDENCIES, BRONCHITIS, DISEASES PECULIAR TO FEMALES, & ALL COMPLAINTS ACCOMPANIED BY GENERAL DEBILITY, AND REQUIRING

A TONIC AND ALTERATIVE MEDICINE.

Note.—The failure of IRON as a remedy for *Dyspepsia*, a bad state of the blood, and the numerous diseases caused thereby, has arisen from the want of such a preparation of Iron as shall enter the stomach in a PROTOXIDE state, and assimilate at once with the blood. This want the PERUVIAN SYRUP supplies, and it does so in the only form in which it is possible for Iron to enter the circulation. For this reason the PERUVIAN SYRUP often radically CURES diseases in which other preparations of Iron and other medicines have been found to be of no avail.

Certificate of A A HAYES, M. D., of Boston.

It is well known that the medicinal effects of Protoxide of Iron are lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the PERUVIAN SYRUP this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN, and this solution may replace all the proto-carbonates, citrates and tartrates of the Materia Medica.

A. A. HAYES, Assayer to the State of Mass.
16 Boylston Street, Boston.

Certificate of Jas. R. Chilton, M. D., of N. York.

It is well known that it has been found very difficult to preserve in a PALATABLE form, for a desirable length of time, compounds of the Protoxide of Iron.—The Peruvian Syrup I am pleased to say, accomplishes this desirable end.

JAMES R. CHILTON, M. D., Chemist.
93 Prince Street, New York, Aug. 8, 1859.

Certificate from well known Citizens of Boston.

The undersigned having experienced the beneficial effects of the PERUVIAN SYRUP, do not hesitate to recommend it to the attention of the public.

Certificate from well known Citizens of N. York.

New York, Nov. 17th, 1859.

The experience which we have had of the PERUVIAN SYRUP, and the evidence which has been exhibited to us of its great success in the cure of many diseases, satisfies us that it is a medicinal agent of remarkable power, and deserving the attention of invalids.

A Card to the Public.

THE amount of bodily and mental ill MOFFAT'S from a neglect of small complaints every instance liable, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailments should be had; for diseases of the body invariably affect the mind. DR. MOFFAT'S VEGETABLE LIFE MEDICINES in every instance where they have been thoroughly used, have TRIUMPHED OVER DISEASE in almost all its diversified form. The salutary effects of the Life Medicines have, in fact, been so universally experienced, that they have become fully established as the most easy, safe and perfect mode of treatment ever offered to the public.

THESE MEDICINES

HAVE NOW BEEN BEFORE THE PUBLIC FOR A PERIOD OF 30 YEARS AND DURING THAT TIME HAVE MAINTAINED A HIGH CHARACTER IN ALMOST EVERY PART OF THE GLOBE FOR THE EXTRAORDINARY CURATIVE PROPERTIES WHICH THEY POSSESS

IN MANY THOUSANDS

Of certified instances, they have even rescued sufferers from the very verge of an untimely grave after all the deceptive nostrums of the day have invariably failed. So great, indeed has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life and enduing them with renewed tone and vigor, that they were indebted for their name

MOFFAT'S LIFE PILLS!!!

Are composed of Vegetable Ingredients exclusively as can be ascertained by chemical tests. Their prominent qualities are those of an active and searching, though perfectly mild and agreeable detergent aperient, of a gentle saporific promoting the insensible perspiration, of a pleasant diuretic invigorating the kidneys and bladder, and of a delightful tonic cordiac exciting appetite by the demands of active digestion and cheering the mind with that grateful sense of renovated health which is one of the most felicitous feelings of our nature

THE PHŒNIX BITTERS!!!

So denominated from their astonishing power of creating new life and health as it were from the very ashes of the most dilapidated constitution—are more strongly tonic and more immediately invigorating than the pills, containing the same choice vegetable extracts as the latter in a different modification. Although really less cathartic than the LIFE PILLS, they nevertheless begin to cleanse the alimentary canal much sooner, generally operating slightly within three or four hours, and producing a decided sense of relief to the head and stomach, and exhilarating the mind in even less time than this

MOFFAT'S LIFE PILLS!

IN AFFECTIONS OF THE HEAD, SICK HEADACHE OR NERVOUS HEADACHE, THESE PILLS WILL BE FOUND TO POSSESS THE MOST SALUTARY EFFICACY

Moffat's Phœnix Bitters!

HAVE BEEN HAPPILY USED FOR THE CURE OF FEVER AND AGUE WITH INVARIABLE SUCCESS

BILIOUS COMPLAINTS, AND A MODE OF CURE!!!

☞ A well regulated and proportionate quantity of bile upon the stomach is always requisite for the promotion of sound health—it stimulates digestion and keeps the intestinal canal free from all obstructions. When there is a deficiency of bile the body is constantly costive. On the other hand an over abundance of bile causes frequent nausea in the stomach, and often promotes very severe attacks of disease, which sometimes end in death.

Dr. Moffat's Life Medicines!!!

Should be taken in the early stages of Bilious Complaints and if persevered in strictly according to directions will positively effect a cure

PILES! PILES!! PILES!!!

As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation.—It is well known to hundreds in this city that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of *thirty five years* and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica*. He however at length tried the Medicine which is now offered to the public and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means

MOFFAT'S
Life Pills and Phœnix Bitters

CURE DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind, *Flatulency, Loss of Appetite, Heartburn, Headache, Ill Temper, Anxiety, Languor, and Melancholy* which are the general symptoms of Dyspepsia, will vanish as a natural consequence of its cure

THE LIFE MEDICINES

For bilious and liver complaints, with many well known attendants, *bilious and sick headache pain and oppression after meals giddiness, dizziness heart burn loss of appetite* are taken with, and proved to be vastly superior to any thing ever before offered to the public

MERCURIAL DISEASES

Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these Medicines a perfect cure as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla.

SCROFULA.

The most horrible cases of *Scrofula* in which the Face Bones and Limbs of the victim had been preyed upon by the insatiable disease are proved by undeniable authority of the sufferers themselves to have been completely cured by these purely Vegetable Medicines, after all others had been found more than useless

Acute or Inflamatory Rheumatism

Anthrosia Chronica, or Chronic Rheumatism!

These diseases, which are among the most painful, and by ignorant treatment the most inveterate to which suffering humanity is liable, are cured, speedily and permanently CURED, by a proper course of the LIFE PILLS and PHŒNIX BITTERS

MOFFAT'S PILLS & BITTERS!!!

But it is unnecessary to enumerate the many cases in which these purely vegetable medicines have been successful but let us inquire. Why are they so universal in their happy effects?

Because they PURIFY THE BLOOD, and thus remove all cause of disease in the system

Because they act powerfully upon the secretions of the body, and remove all impurities at once

Because they do not reduce the system but invigorate it—thus requiring no restraint upon pleasure or business during their operation

AYER'S
CATHARTIC
PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly and many of them surely cured by the same means. None who know the virtues of these Pills will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills and they have cured her.

ASA MORGRIDGE.

As a Family Physic.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore.

DEAR BRO. AYER: I cannot answer you *what* complaints I have *cured* with your Pills better than to say *all that we ever treat with a purgative medicine.* I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst *headache* any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE, *Clerk of Steamer Clarion.*

Bilious Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of *bilious complaints* than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., 7th Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D., *Physician of the Marine Hospital.*

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for *bilious dysentery and diarrhœa.* Their sugar coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and *purify the fountains of the blood.*

JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of *costiveness.* If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe *costiveness* to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the *natural secretion* when wholly or partially suppressed, and also very effectual to *cleanse the stomach* and *expel worms.* They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating *neuralgic pains,* which ended in *chronic rheumatism.* Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec. 1855.

DR. AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that had afflicted me for years. VINCENT SLIDELL.

☞ Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for $1.

HAIR RESTORATIVE

Has the Signatures of the Proprietors,
W. E. HAGAN & CO.

EVERY article which has a large and increasing sale like this is liable to be counterfeited. It is, as its name indicates, entirely "INIMITABLE," as far as its power to restore the Hair on bald heads, and to give it the color of youth, (no matter how grey it may be,) is concerned.

USE NO OTHER RESTORATIVE BUT HEIMSTREET'S

It is the *original* the *only reliable*, and *the cheapest*. ☞ See the following testimony

JACKSON, Miss., May 29, 1860.

W. R. Merwing, 61 Market-street, St. Louis Mo., Advertising Agent for Heimstreet's Hair Restorative

Dear Sir—The Medicines you introduced into our city last winter are all having a great sale, and giving in every case satisfaction. Mr James Henderson, (one of our first citizens,) says that he has used all the Hair Dyes and Restoratives of the day; but has never used an article equal to HEIMSTREET'S INIMITABLE HAIR RESTORATIVE. That it far surpasses any preparation that he has ever tried for restoring the Hair of the bald and gray to its original luxuriance and beauty. You can write the proprietors, W. E. Hagan & Co. Troy N. Y., that they have the cheapest and best Hair Restorative in our market and that it gives satisfaction in every case. Respectfully yours

This Hair Restorative is beyond peradventure, the best thing of the kind ever invented. The facts in our possession in regard to this wonderful preparation, warrant us in unqualifiedly recommending it."

A VOICE FROM THE WEST!

[COPIED FROM THE CLEVELAND PLAINDEALER]

UNIVERSAL, UNIVERSAL,

IS THE DEMAND FOR
DR. S. O. RICHARDSON'S

SHERRY WINE BITTERS!

The Celebrated New England Remedy for HABITUAL CONSTIPATION, JAUNDICE, FEVER AND AGUE, GENERAL DEBILITY AND ALL DISEASES ARISING FROM A DISORDERED STOMACH, LIVER OR BOWELS.

THEY are used and recommended by leading Physicians of the country, and all who try them pronounce them invaluable.

Dr. JAMES L. LEPERD writes from Navarro Stark Co., O. The Bitters are praised by those suffering from Indigestion, dyspepsia, and liver complaint.

E. S. DAVIS, Postmaster at Williamsport, Ohio, says: "They give great satisfaction. I use them myself, having taken a cold, became prostrate and lost my appetite. It relieved me, and I can recommend it with great assurance of its merits."

Dr. WILLIS KERR, of Rogersville, Ind., writes us that they are the most valuable medicine offered.—He has recommended them with great success and with them made several cures of palpitation of the heart and general debility.

THOMAS STANFORD, Esq., Blountville, Henry Co., Ind., writes us a long letter under date of May 4, 1860. He was much reduced, having been afflicted for three years with great nervous debility, palpitation of the heart of the most severe and prostrating character. After using a few bottles I was completely restored and am now in robust health."

GEORGE W. HOFFMAN says he was afflicted with rheumatism in all its various forms, for twenty years, and at the date of his letter he had been two years well. The Bitters effecting the cure when several physicians attending him could do him no good. He says for rheumatism, dyspepsia, liver complaint, kidney affection or dropsy, it is a specific, a certain remedy.

J. W. HUNT writes from Delphos, Allen Co., O. (a section where Fever and Ague prevails) that he most cheerfully recommends them of decided merit in all cases of Fever and Ague, Dyspepsia and General Debility.

D. K. GALLEHERS, M. D., writes from Van Wert, O. I most respectfully recommend the Sherry Wine Bitters to the notice of dyspeptic persons, and all who require a stimulating medicine.
